This is an FCC Class A device. Not intended for use in residential or domestic environments.

Lexmark™

Get more power and save money

Save time with the C6160's integrated software and solutions. Stay productive with print speeds that are fast enough to keep work moving. Stay looking sharp with gorgeous colour.

- ▶ Brilliant colour in an affordable, space-saving device
- ▶ Up to 57 pages per minute⁵ print speeds
- ▶ Spend less time on supplies with high-yield toner capacity and shake-free science
- ▶ Expandable input trays

Speed for productivity with the functionality and reliability you need

Productivity stays high when even large colour print jobs complete quickly. With copier-like print speeds of up to 57 ppm the C6160 keeps you moving.

Minimise wait time when your job is complete before you even leave your chair with the C6160's ability to print a single colour page in as little as 7 seconds

Power through complex print jobs with large, high-resolution photos and graphics. The powerful print controller has the processing power you need built-in.

Work from wherever, print where you want with mobile printing from iOS, Android and Windows Mobile devices and optional wireless and NFC direct mobile printing from smartphones and tablets. The C6160de is also Google Cloud Print, Apple Airprint 1.5 and Mopria ready.

Better access for all with drawers and paper guides that move effortlessly, and standard headphone jack and talk-back features to help users with limited vision engage with the device*

* Meets advanced Section 508 and European Standard EN 301 549 guidelines for accessibility available June 2016.

Look sharp for less with gorgeous colour

Colour so accurate and affordable, you can print colour in-house. You can match all of your brand colours and have accurate colour output without having to pay a premium. Lexmark Colour Replacement combines spot colour replacement and RGB replacement for precision matching of critical colours. PANTONE® calibration and embedded colour sample pages to help you nail perfect colour at the design stage. Lexmark's 4800 colour quality is ultra-sharp even at full speed.

More media choices makes your colour laser printer multi-talented. From 300 gsm—one of the thickest media available in cut sheet to print signage or booklet covers—to tissue-thin paper such as 70 gsm, and all the vinyl, labels, cardstock, envelopes, and banners in between, the C6160 makes you shine.

Less hassle with a high input capacity of up to 4,500 sheets maximum input capacity. Paper is less likely to run out, so you don't have to wait or intervene to finish printing.

Improve your productivity with the C6160 that keeps on running

- ▶ Toner cartridges yield up to 20,000 pages¹
- ▶ Photoconductor lasts up to 175,000 pages⁴
- ▶ Developer unit lasts up to 300,000 pages⁶
- ▶ No shake Unison™ Toner cartridges mean perfect prints to the last page without interruption

Workflow smoothing solutions and flexibility

Bridge the gap between your paper documents and software systems with the fully-configurable device-based apps available on the Lexmark C6160. The built in productivity solutions future-proof your investment.

1

Standard device-based apps shipping with this series include*:

Google Drive

The easy way to print shared Google docs on demand.

Customer Support

Send email alerts to help desk or service providers to request support. Pertinent data about the device can be included in the automated email.

QR Code Generator

Generate a Quick Response (QR) Code and display it on the eTask screen, making it easy to find the printer on your tablet or smartphone.

Forms and Favourites

Keep frequently used forms and documents easy to access and save money by eliminating preprinted forms.

See the possibilities with our intuitive interface

Minimise the need for training with the familiar modern tablet-like capabilities of our eTask interface on a bright 10.9 cm (4.3-inch) colour touch screen. Use swipe and touch gestures to navigate the intuitive interface to access convenient features, including:

- ▶ Preview your entire print job
- ▶ Print Microsoft Office and other file types from USB or mobile devices
- ▶ Customise shortcuts and bookmarks
- ▶ Realise your return on investment fast with true integration
- ▶ Access corporate address book for quick document routing
- ▶ Enable user tracking, accounting and permissions for cost and print management

*Additional device-based apps may ship with the device and additional apps can be added.

C6160

- 1. Intuitive colour touch screen with new eTask interface** A bright 10.9 cm (4.3-inch) screen uses familiar swipe and touch gestures, minimising training time to get users up to speed.

- 2. Direct printing** Microsoft Office files and other document and image types print right from flash drives. You can even preview jobs on the eTask screen prior to printing.

- 3. Unison™ Toner system with long-life supplies** Unison™ Toner delivers consistently outstanding image quality plus long-life system reliability and amazing sustainability in a high-yield, no-shake design.

- 4. In-line stapler** This unique finishing option gives your printer even more functionality.

- 5. Software solutions** Combine device-based app capabilities with additionally purchased Lexmark fleet management tools and your existing software and technical infrastructure to form the Lexmark smart MFP ecosystem. Its adaptability future-proofs your investment in Lexmark colour laser technology.

- 6. Expandable input and output** Print on multiple paper types and boost input capacity to 4,500 sheets.

Sensitive data stays secure

Authorise and authenticate who and what gets access to your network along with remote monitoring and management.

Protect your device on all fronts with port and connection filtering to limit active access and encryption and wiping of the optional hard disk to secure sensitive print job data. Digital signatures on firmware updates keep hackers at bay.

Authentication to fit your protocols from badge readers, PIN or passwords. Once users are authenticated, the connection to your network is fully secure.

Put a stop to data leaks on the standard hard disk with 256-bit AES encryption and encryption keys stored in the printer memory, not the hard disk. Data is almost impossible to read if the hard drive is removed.

Cut costs while being environmentally responsible

Save power with multiple power saving modes. Sleep mode uses less than 3.5 watts between jobs. Hibernate mode uses less than half a watt during scheduled on/off periods.

Save paper and toner with standard double-sided printing, printing images and graphics a lighter shade with the ColourSaver feature that still leaves text dark and readable and the Eco Settings solution are just some of the eco-friendly options.

Smarter toner saves energy and more. Lexmark Unison™ Toner fuses at a lower temperature that requires less energy. Through free and easy Lexmark Cartridge Collection Programme (LCCP) ship empty cartridges back to recycling centres for sustainable recycling.

Lexmark Sustainability

For Lexmark, commitment to the environment isn't a marketing tagline, it's a core value backed up by real action and results. We are forward thinking, innovative, and driven to sustain a healthy planet for generations to come. For our customers and partners we bring this passion, our leading technology and a deep understanding of industry-specific business processes to continuously improve their efficiency as well as our own.

Lexmark products meet globally recognised environmental standards*.

- ▶ Energy Star™
- ▶ Blue Angel
- ▶ EPEAT™

Media Sizes Supported	10 Envelope, 7 3/4 Envelope, 9 Envelope, A4, A5, B5 Envelope, C4 Envelope, C5 Envelope, DL Envelope, Index Card, Executive, Folio, JIS-B5, Legal, Letter, 4 x 6", Statement, Universal, Oficio, A6

General Information⁴

Standard Connectivity	One Internal Card Slot, USB 2.0 Specification Hi-Speed Certified (Type B), Gigabit Ethernet (10/100/1000), Front USB 2.0 Specification Hi-Speed Certified port (Type A), Two Rear USB 2.0 Specification Hi-Speed Certified ports (Type A)
Optional Network Ports	Internal MarkNet N8360 802.11b/g/n Wireless, NFC
Noise Level: Operating	Print: 56 dBA
Specified Operating Environment	Humidity: 15 to 80% Relative Humidity, Temperature: 10 to 32°C, Altitude: 0 - 2896 Meters (9,500 Feet)
Size (mm - H x W x D) / Weight	535.9 x 558.8 x 522.4 mm / 62.3 kg

¹Average yield at approximately 5% print coverage per colour. ²"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ⁵Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. ⁶Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁷Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. ⁸ Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798.

This is a Class A device according to the FCC Rules and international electromagnetic emissions standards. This device is not intended for use in residential or domestic environments due to potential interference to radio communications.
